**Experience Sharing of Security and /Crises Management Concept-
Visit to CLP Castle Peak Power Station**

CLP Power has been serving Hong Kong for 115 years and supplies highly reliable electricity to cover 80% of Hong Kong's population. CLP Power operates a vertically integrated power supply business in Hong Kong, covering electricity generation, transmission and distribution, and marketing and customer services.

Its reliable supply is essential to the normal life of Hong Kong people. CLP makes every possible effort to ensure supply is not interrupted, with the support by its well established Health, Security, Safety and Environment policies and structure.

IPSA (HK) coordinates with CLP for a visit to Castle Peak Power Station and share with our members on its experience in managing security, safety and crisis management followed by a tour to the facilities of the Station.
